

Statement of Substance of Interview

[0003] Examiner Caschera graciously talked with me—the undersigned representative for the Applicant—on February 6th, 2009. Applicant greatly appreciates the Examiner’s willingness to talk. Such willingness is invaluable to each of us in our common goal of an expedited prosecution of this patent application.

[0004] During the interview, we discussed proposed amendments to put the Application in condition for allowance. The Examiner was receptive to the discussion and I understood him to indicate that the Application would be likely to be allowed once the proposed amendments are submitted in an official response.

[0005] Applicant herein presents amendments in the manner discussed during the interview. Accordingly, Applicant submits that the Application is in condition for allowance.
